

**BEETHOVEN 1939 CYCLE
TOSCANINI**

REMASTER
CD 10

7 April 2017

This final disc in the Beethoven 1939 Cycle album has been remastered. When our sound engineer re-heard the sonics of the Beethoven 3rd Piano Concerto Rehearsal and Concert (1944), he found portions that had a disagreeable shrillness and other objectionable aspects. So, the new disc with improved sound is offered free to anyone who acquired the set.
